

### Appendix 3

#### Informed Consent for Data Collection Literature Circles in EFL Classrooms

**City:** Tena

**Date:** \_\_\_\_\_

**Research Objective:** To explore the impact of the application of Literature Circles in the teaching of English as a foreign language in university students in the Ecuadorian Amazon.

I, \_\_\_\_\_ identified (or) with the ID number that appears at the bottom of my signature, acting on my behalf and as a student who worked with the Literature Circles, I agree to participate voluntarily in the data collection process for the project mentioned, carried out by internal and external researchers.

I agree to participate by answering the interview and survey questions about the use of Literature Circles as honestly as possible. I authorize the information provided during the interview to be noted and the data obtained from the research process to be used for the purposes of systematization and publication of the final result of the research.

I state that the investigators have explained to me the objective and scope of said process.

SIGNATURE: \_\_\_\_\_

CC: \_\_\_\_\_

***\*The original informed consent form was in Spanish so it would be clear for all the students.***
